

Bayonne Ham

Protected Geographical Indication

ORIGIN
**SOUTH-WEST
FRANCE**

The Adour River basin
is the only salting area
for Bayonne Ham

The **Protected Geographical Indication of genuine Bayonne Ham** was granted by the European Union on October 7, 1998.

Salting and ageing are **exclusively** carried out **in the Adour River basin**. This zone is delineated by the **Atlantic Ocean** to the west, the **Pyrenees** mountains to the south, and the **Adour River** to the north and east.

The Adour River basin is comprised of a single French department, the **Pyrénées-Atlantiques**, and the adjacent counties of the **Landes**, **Gers** and **Hautes-Pyrénées**.
